

# Percy Lake Update    December 2020

Well, it is just the cusp of winter, and holiday time. Some of you may be up at the lake this season, enjoying the peace and quiet that the season brings. While weather conditions at Percy Lake - snow levels, ice thickness, cannot be predicted, we do know the lake will freeze over, or may have already, and hardy folk will partake in winter activities to the degree one can this year, - perhaps do some ice fishing, and enjoy the peace and quiet that comes with the season. As a reminder of our beautiful lake – here are some photos from this time of year.

So, wherever and however you decide to spend your time, on behalf of the PLRA Board, we wish you a safe and happy holiday. Enjoy it, to the best you can! And if you are up at the lake, keep an eye out for anything that may be of concern to you and your neighbours.
